All universities in South Africa are obligated by law to take part in a National Project driven by the external regulatory bodies (the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE) and the South African Qualifications Authority (SAQA)) to align all qualifications with the Higher Education Qualifications Sub-Framework (HEQSF). It follows that the NWU is continuously in the process of aligning its qualification and programme offering with the requirements of the HEQSF.

Students are advised to contact the relevant faculty to ensure that they register for the correct qualification, programme and/or curriculum, and to report any errors and/or omissions noticed. **It is the duty of the student to ascertain that he/she is registering for the correct qualification, programme and/or curriculum.** The University will not be held liable for any damages students may suffer as a result of neglecting this responsibility.

*Alle universiteite in Suid-Afrika is volgens wet verplig om deel te neem aan 'n nasionale projek wat gedryf word deur die eksterne regulerende liggame (die Departement van Hoër Onderwys en Opleiding (DHOO), die Raad vir Hoër Onderwys (RHO) en die Suid-Afrikaanse Kwalifikasie-owerheid (SAKO)) om alle kwalifikasies in lyn te bring met die subraamwerk vir kwalifikasies vir hoër onderwys (HOKSR). Hieruit volg dat die NWU voortdurend besig is om sy kwalifikasie en programaanbieding in lyn te bring met die vereistes van die HOKSR.*

*Studente word aangeraai om die betrokke fakulteit te kontak om te verseker dat hulle vir die regte kwalifikasie, program en/of kurrikulum registreer en om foute en/of weglatings wat opgemerk word, aan te meld. **Dit is die student se plig om vas te stel of hy/sy vir die regte kwalifikasie, program en/of kurrikulum registreer.** Die Universiteit sal nie aanspreeklik gehou word vir enige skade wat studente kan ly as gevolg van die versuim van hierdie verantwoordelikheid nie.*

graduates with the skills and competencies necessary to meet the human resource needs of the country.

The following types of RPL are identified, namely:

**(1) RPL for access:** The establishment of a suitable level of study and/or experience aimed at admission to a qualification, for a candidate who does not qualify for admission into that qualification via the official admission requirements of the NWU.

**(2) RPL for advanced standing:** The exemption from a certain level of a course of study or programme on the basis of the candidate's experience/learning acquired. A portfolio and/or assessment may be used to consider the candidate for RPL. This RPL is regarding the exemption of certain levels of study. (Advanced standing - based on the previous experience and/or knowledge acquired, the applicant may be accepted for example for the second year.)

**(3) RPL for module exemption:** A student may be exempted from completing a module of a programme on the basis of a documented process of recognition of prior learning. Such an exemption does not translate to credit transfer, but the student does not have to complete the module in question due to his/her proven knowledge, skill or experience, gained through informal or non-formal learning, which equates to the level and content of the outcomes of one or more modules of a particular academic programme. The outcomes of existing programme modules must therefore be compared and found to be similar/equivalent to the candidate's proven knowledge/experience/skills.

**Credit accumulation and transfer:** The awarding of credits for modules or courses as part of learning programmes/qualifications. The outcomes of successfully

completed modules must be compared and found to be similar/equivalent to the outcomes of the corresponding modules offered at the faculty as requested for credit accumulation and transfer (CAT). The completed outcomes must also comply with the relevant SAQA level descriptors and credit value.

A SALA administrative officer is appointed in the office of each of the school directors across the three sites of delivery, and they oversee the RPL/CAT process for both contact and distance students in the respective programmes.

Processes for each of the types of RPL/CAT as well as forms and guidelines to compile a portfolio of evidence are available at the faculty's quality office, and will be included in the Quality manual of the faculty, after approval by faculty board.

*Fakulteitsreëls 1.6 en 1.7: Die Fakulteit ondersteun die siening dat erkenning van vorige leer (EVL) 'n integrale element is van die transformasie van toegang- en toelatingsbeleid by hoëronderwysinstellings in Suid-Afrika. Die transformasie van toegang- en toelatingsbeleid het ten doel om deelname te verhoog en om toegang tot hoër onderwys te verbreed om sodoende graduandi te lewer met die vereiste vaardighede en bevoegdhede om aan die nodige menslike hulpbronne van die land te voldoen.*

*Die volgende tipes EVL is geïdentifiseer:*

**(1) EVL vir toegang:** *Die daarstel van 'n toepaslike studie- en/of ondervindingsvlak wat gemik is op toegang tot 'n kwalifikasie vir 'n kandidaat wat nie kwalifiseer vir toegang tot die spesifieke kwalifikasie nie as gevolg van NWU se amptelike toegangsvereistes.*

**(2) EVL vir gevorderde status:** *Vrystelling van 'n sekere vlak van 'n kursus of program op die basis van die kandidaat se*

*ondervinding/opleiding. 'n Portefeulje en/of assessering kan gebruik word om die kandidaat vir EVL te oorweeg. Hierdie EVL handel oor vrystelling van sekere studievlakke. (Gevorderde status – gebaseer op vorige ondervinding en/of kennis, kan byvoorbeeld beteken dat die aansoeker vir die tweede jaar aanvaar word.)*

**(3) EVL vir vrystelling van modules:** *'n Student kan vrygestel word van die voltooiing van 'n module van 'n program op grond van 'n gedokumenteerde proses van erkenning van vorige leer. Sodanige vrystelling beteken nie kredietoordrag nie, maar dat die student nie die betrokke module hoef te voltooi nie, op grond van sy/haar bewese kennis, vaardigheid of ervaring, opgedoen deur middel van informele of nie-formele leer, wat gelykstaande is aan die vlak en inhoud van die uitkomst van een of meer modules van 'n bepaalde akademiese program. Die uitkomst van bestaande modules in betrokke program moet dus vergelyk word en moet gelyk wees aan die kandidaat se bewese kennis/ervaring/vaardighede.*

**Kredietakkumulاسie en -oordrag:** *die toekenning van krediete vir modules of kursusse as deel van leerprogramme/kwalifikasies. Die uitkomst van suksesvol voltooide modules moet vergelyk word en moet gelyk wees aan die uitkomst van die ooreenstemmende modules wat by die fakulteit aangebied word, soos versoek vir kredietakkumulاسie en -oordrag (KAO). Die voltooide uitkomst moet ook voldoen aan die toepaslike SAQA-vlakbeskrywers en kredietwaarde.*

*'N SALA-administratiewe beampte word aangestel in die kantoor van elk van die skooldirekteure op die drie afleweringstereine, en hulle bestuur die EVL/KAO-proses vir beide kontak- en afstandstudente in die onderskeie programme.*

*Prosesse vir elk van die tipes EVL/KAO sowel as vorms en riglyne vir die samestelling van 'n portefeulje van bewys is beskikbaar by die kwaliteitskantoor van die fakulteit en sal na goedkeuring deur die fakulteitsraad in die kwaliteitshandleiding van die fakulteit opgeneem word.*

## EDU.2 WHAT IS DISTANCE LEARNING (DL)? / WAT IS AFSTANDSLEER (AL)?

Distance learning refers to a delivery mode focusing on enhanced accessibility to education and training, limiting or eliminating barriers such as time, place and pace of learning. The NWU promotes distance learning by allowing students to register for the modules of a programme either in January or in June (where applicable), offering technology-mediated instruction and examination opportunities at various learning support centres nationally and internationally, and providing student support to enhance the student learning experience. Students who study at a distance are still subject to specific admission requirements as determined by the Institutional Admissions Requirements Committee, fixed dates for the commencement of academic programmes, a minimum and maximum duration for the completion of their studies, and specific scheduled assessment opportunities. (Appendix to the General Academic Rules (A-Rules) of the NWU: Glossary of Teaching Learning-related concepts and designations)

*Afstandsl eer verwys na 'n aflewering smodus wat op beter toeganklikheid tot onderwys en opleiding fokus en struikelblokke soos tyd, plek en tempo van leer beperk of uitskakel. Die NWU bevorder afstandsl eer deur studente toe te laat om óf in Januarie óf in Junie (waar van toepassing) vir die modules van 'n program te registreer, nasionaal en internasionaal tegnologie-gesteunde onderrig en eksamengeleenthede by verskillende leerondersteuningsentrums aan te bied, en studente-ondersteuning te verskaf om die studente se leerervaring te verbeter. Studente wat oor 'n afstand studeer, is steeds aan spesifieke toelatingsvereistes soos deur die Institusionele Toelatingsvereisteskomitee bepaal word, vaste datums vir die aanvang van akademiese programme, 'n minimum en*

*maksimum duur vir die voltooiing van hulle studie, en spesifieke geskeduleerde assesseringsgeleenthede onderhewig. (Bylae tot die Algemene Akademiese Reëls van die NWU: Woordelys van Onderrig-Leer-verwante begrippe en benamings).*

**EDU.2.3 MATTERS TO TAKE NOTE OF REGARDING DL STUDIES / SAKE RAKENDE AL-STUDIES WAARVAN KENNIS GENEEM MOET WORD**

Students need to note the following matters, and are referred to the applicable yearbook:

- i. Some qualifications delivered in the distance mode allow students to register twice a year for studies.
- ii. Each programme has a minimum and a maximum study duration for completing the programme.
- iii. Students have a number of assessment opportunities (examinations) during a study period and all modules can be written at each assessment opportunity (first and/or second opportunities) should the student qualify to write examination.
- iv. Students do not have a second examination opportunity directly after the first attempt. If they fail the first attempt (e.g. in June/July), they can write the failed module during the next examination opportunity (e.g. in October/November). A valid participation mark will give the student access to two examination opportunities, where after a student must generate a new participation mark.
- v. Lecturers can be contacted via email if the students have access to the internet. All modules are stored on the internet for students to access at a later stage.
- vi. Students are supported by means of a call centre, social media (Facebook) and contact with lecturers and facilitators.
- vii. Examinations are written at several examination centres throughout southern Africa, but the NWU can request students to write a specific module (e.g. Computer Science) at the campus in Potchefstroom, where the Unit for Distance Learning is situated.
- viii. **Unsatisfactory academic performance:** A student whose academic performance is found to be unsatisfactory will receive a formal written warning from the relevant director. If subsequent progress is still not satisfactory, the student may be dealt with in terms of A-Rule 1.18 and sub-paragraphs.

- ix. **Termination of studies of DL students:** The minimum and maximum duration of study for the various qualifications is indicated in the calendar and in the information booklets for these qualifications. One year before the maximum duration of study is exceeded and a student's studies are finally terminated, such a student will receive a warning letter to inform him/her of the two final examination opportunities to pass all outstanding modules. Should such a student still have modules outstanding after these examination opportunities, the studies of such a student must be terminated in terms of Academic Rule 1.18.

Only in exceptional cases and then on the grounds of irrefutable evidence will the Executive Director: UDL and the Executive Dean of the Faculty of Education consider a request for continuation of studies from a student whose studies have been terminated. Should such an application be successful, the student will be afforded only one examination opportunity to complete all outstanding modules.

*Studente moet op die volgende sake let, en word na die toepaslike jaarboek verwys:*

- i. Sommige kwalifikasies wat in die afstandsmodus gelewer word, laat studente toe om twee keer per jaar vir studies te registreer.*
- ii. Elke program het 'n minimum en 'n maksimum studieduur om die program te voltooi.*
- iii. Studente het 'n aantal assesseringsgeleenthede (eksamens) tydens 'n studietydperk en alle modules kan by elke assesseringsgeleentheid geskryf word (eerste*

- en/of tweede eksamengeleentheid) sou die student kwalifiseer om eksamen te skryf.
- iv. *Studente het nie 'n tweede eksamengeleentheid direk na die eerste poging nie. Indien hulle die eerste poging druip (byvoorbeeld in Junie), kan hulle die betrokke module tydens die volgende eksamengeleentheid (byvoorbeeld in November) skryf. 'n Geldige deelnamepunt sal aan die student toegang tot twee eksamengeleenthede gee, waarna die student 'n nuwe deelnamepunt moet verwerf.*
  - v. *Kontakklasse word hoofsaaklik met die ondersteuning van fasiliteerders deur middel van interaktiewe witborde by die leerondersteuningsentrums in Suider-Afrika aangebied. Dosente kan ook per e-pos gekontak word indien die studente toegang tot die internet het. Alle modules wat deur middel van interaktiewe witborde aangebied word, word op die internet gestoor vir studente om later te gebruik.*
  - vi. *Studente word deur middel van 'n inbelsentrum, sosiale media (Facebook) en kontak met dosente en fasiliteerders ondersteun.*
  - vii. *Eksamens word by verskillende eksamen sentrums regoor Suider-Afrika geskryf, maar die NWU kan studente versoek om 'n spesifieke module (byvoorbeeld Rekenaarwetenskap) op die kampus in Potchefstroom, waar die Eenheid vir Afstandsleer geleë is, te skryf.*
  - viii. **Onbevredigende akademiese prestasie:** *'n Student wie se akademiese prestasie nie bevredigend is nie, sal 'n formele, skriftelike waarskuwing van die betrokke direkteur ontvang. Indien vordering daarna nie bevredigend is nie, kan daar ingevolge Algemene Akademiese Reël 1.18 en subparagrafe teen die student opgetree word.*

- ix. **Beëindiging van AL-studente se studies:** Die minimum en maksimum studieduur van die onderskeie kwalifikasies word in die jaarboek en in die inligtingsboekies vir hierdie kwalifikasies aangedui. Een jaar voordat die maksimum studieduur oorskry word en 'n student se studie finaal beëindig word, sal so 'n student 'n waarskuwingsbrief ontvang om hom/haar in kennis te stel van die twee finale eksamengeleenthede om alle uitstaande modules te slaag. Indien so 'n student na hierdie eksamengeleenthede steeds uitstaande modules het, moet so 'n student se studie ingevolge Akademiese Reël 1.18 beëindig word.

Slegs in buitengewone gevalle en dan op grond van onweerlegbare bewyse sal die Uitvoerende Direkteur: EAL en die Uitvoerende Dekaan van die Fakulteit Opvoedkunde 'n versoek oorweeg van 'n student wie se studie beëindig is om sy/haar studie voort te sit. Indien so 'n aansoek slaag, sal die student slegs een eksamengeleentheid gegee word om alle uitstaande modules te voltooi.

**EDU.3.1     PURPOSE AND RATIONALE OF THE QUALIFICATION / DOEL EN  
RASIONAAL VAN DIE KWALIFIKASIE**

The PGCE programme in the Faculty of Education of the North-West University prepares student teachers to become competent professional educators in a variety of educational and training careers. The overarching goal of the educational experience in this particular programme is to provide all our students with the knowledge, skills and attitudes to live and work in a globally interdependent world and with the support services to help them succeed. This requires a conscious, purposeful, sustained and social-constructivist focus on the actual learning of students that may take place because of their interactions in specific study-related groups. For this reason, this academic programme also seeks to foster inclusivity and to develop a sense of personal and social responsibility and ethical conduct in and among our students by encouraging involvement in environmental affairs, as well as in community and public service. It endeavours to offer and cultivate a teaching-learning environment that is hospitable to diverse socio-conventional and linguistic interests and activities.

The purpose of the PGCE is to offer a professional ‘capping’ qualification for candidates who have completed an appropriate 360 or 480 credit Bachelor’s degrees or any equivalent qualification. The PGCE provides qualifiers with a classroom focus that will enable them to fulfil all the contextual roles and competencies of an effective/efficient educator in the Senior- and FET phase (grade 7 to grade 12) in diverse educational settings.

The programme equips and empowers prospective educators in the Senior- and FET phase to:

- Develop and demonstrate a deep knowledge and understanding of education theory and practice.
- Integrate education theory and practice as applied competence.
- Demonstrate and implement the subject specific pedagogical competencies of the Senior and FET educator that embrace teaching, learning and assessment in practice.
- Develop and demonstrate knowledge, skills, attitudes and values to become responsible, independent and contributing scholars of the professional educational community in a diverse and changing national and international context.
- Develop and demonstrate critical, creative and reflective problem-solving skills within educational and societal context.

A completed Postgraduate Certificate may be presented for entry into a cognate Postgraduate Diploma in Education.

Bachelor degree graduates, who have completed a Postgraduate Certificate as an initial professional teaching qualification, may also proceed to a BEd Honours degree.

*Die NGOS program in die Fakulteit Opvoedkunde van die Noordwes Universiteit berei student onderwysers voor vir leierskap in 'n verskeidenheid van loopbane in opvoedkunde en opleiding. Die oorkoepelende doelwit van die opvoedkundige ondervinding in hierdie spesifieke program is om al ons studente met die kennis, vaardighede en gesindhede te*

*voorsien om in 'n globale, interafhanklike wêreld te lewe en te werk en met die ondersteunende dienste om hulle te help om daarin te slaag. Dit vereis 'n bewuste, doelgerigte, volhoubare en sosiaal-konstruktiewe fokus op die aktuele geleerdheid van studente wat mag plaasvind as gevolg van hulle interaksies in spesifieke studieverwante groepe. Om hierdie rede streef hierdie akademiese program ook daarna om inklusiwiteit te koester en om 'n bewustheid van persoonlike en sosiale verantwoordelikheid en etiese gedrag in en tussen ons studente te ontwikkel deur betrokkenheid in omgewingsake aan te moedig asook in die gemeenskap en openbare diens. Dit beywer hom daarvoor om 'n onderrig-geleerdheid-omgewing aan te bied en te kultiveer wat ontvanklik is vir diverse sosio-konvensionele en taalkundige belange en aktiwiteite.*

Die NGOS voorsien kwalifiseerders van 'n klaskamer-fokus wat hulle in staat sal stel om alle kontekstuele rolle en bevoegdhede van 'n effektiewe/bekwame opvoedkundige in die Senior- en die VOO-fase (graad 7 tot graad 12), in diverse skoolomgewings te vervul.*

*Die oogmerk van die program is om voornemende opvoedkundiges in die Senior- en VOO-fase toe te rus en te bemagtig om:*

- *'n Grondige kennis en begrip van onderwysteorie en -praktyk te ontwikkel en te demonstreer.*
- *Onderwysteorie en -praktyk te integreer as toegepaste bevoegdheid.*
- *Die vak-spesifieke pedagogiese bevoegdhede van die Senior en VOO opvoedkundige wat onderwys, aanleer*

a) As the Language of Learning and Teaching (LoLT) in South-African Secondary Schools, is presently either Afrikaans or English, the student must obtain either Afrikaans and/or English as LoLT.

*Aangesien die taal van onderrig en leer (TvOL) in Suid Afrikaanse Hoërskole tans Afrikaans of Engels is, moet die student Afrikaans en/of Engels as TvOL verwerf.*

Indien die student se huistaal 'n Afrikataal is, moet hy / sy vir Kommunikasie in Afrikaans (AFCL 121) inskryf.*

**EDU.3.1.4 Work Integrated Learning (WIL) / *Werkgeïntegreerde Leer (WIL)***

Faculty of Education students need to meet the MRTEQ (Minimum Requirements for Teacher Education Qualifications) guidelines in order to obtain an education qualification. The MRTEQ requires a set of consecutive practicum days to be completed at a Faculty of Education approved school as part of the teacher training programme. WIL (teaching practice) is, therefore, a key feature of all education qualifications and a prerequisite in order to be awarded a qualification.

The stipulated programme requirement, as registered with the HEQC, for the PGCE qualification is a total of 40 school-based

teaching practice days. All students must do 40 days of school-based teaching practice in their period of study at a Faculty of Education approved school.

Non-negotiable dates for WIL are set for each semester – 20 days in semester 1 and 20 days in semester 2. This will require of the student to avail themselves for 40 days of WIL in a year of study.

Note – teaching assistance positions, employment outside of the school-based education sector or teaching/assisting outside the Senior and FET Phase cannot count towards teaching practice days.

If the PGCE is completed over two years, it is required that didactic modules are completed in the first year of study and WIL completed in the second year of study.

It is compulsory for PGCE students to do their WIL in both the Senior (Gr. 7-9) and the FET (Gr. 10-12) phase during their period of study, preferably FET phase in the first semester and Senior phase in the second semester.

WIL involves additional financial costs that must be borne by the students. These costs are not included in the tuition fees.

*Studente van die Fakulteit Opvoedkunde moet voldoen aan die MRTEQ-riglyne (Minimum Vereistes vir Onderwysersopleidingskwalifikasies) om 'n onderwyskwalifikasie te verwerf. Die MRTEQ vereis dat 'n reeks opeenvolgende praktykdae voltooi moet word by 'n skool, goedgekeur deur die Fakulteit Opvoedkunde, as deel van die onderwysersopleidingsprogram. WIL (onderwyspraktyk) is dus 'n belangrike kenmerk van alle opleidingskwalifikasies en 'n voorvereiste om 'n kwalifikasie te verwerf.*

*Die voorgeskrewe programvereiste vir die NGOS-kwalifikasie, soos geregistreer by die HEQC, is altesaam 40 skoolgebaseerde onderrigpraktykdae.*

*Alle studente moet 40 dae skoolgebaseerde onderrigpraktyk doen in hul studietydperk by 'n skool wat deur die Fakulteit Opvoedkunde goedgekeur is.*

*Ononderhandelbare datums vir WIL word vir elke semester vasgestel – 20 dae in semester 1 en 20 dae in semester 2. Dit sal van die student vereis om 40 dae WIL in 'n studiejaar te gebruik.*

*Opmerking: posisies vir onderwys hulp, werkseleenthede buite die skoolgebaseerde onderwyssektor of onderrig/hulp buite die Senior- en VOO-fase kan nie by die praktykdae tel nie.*

*As die NGOS oor twee jaar voltooi word, word vereis dat didaktiese modules in die eerste studiejaar en WIL in die tweede studiejaar voltooi word.*

*Dit is verpligtend vir NGOS-studente om hul WIL in die Senior (Gr. 7-9) en die VOO (Gr. 10-12) tydens hul studietydperk te doen, verkieslik VOO-fase in die eerste semester en Senior fase in tweede semester.*

*WIL hou ekstra finansiële koste in, wat studente moet dra. Hierdie koste is nie by die klasgeld ingesluit nie.*
