LAW.1 FACULTY RULES

LAW.1.1 AUTHORITY OF THE GENERAL ACADEMIC RULES

The faculty rules, contained in this faculty calendar, are valid for the different qualifications, programmes and curricula of this faculty. They are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the senate. The faculty rules should, therefore, be read in conjunction with and subject to the General Academic Rules.

LAW.1.2 FACULTY-SPECIFIC RULES

The faculty rules, contained in this faculty calendar, are valid for the different qualifications, programmes and curricula of this faculty. They are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the senate. The faculty rules should, therefore, be read in conjunction with and subject to the General Academic Rules.

Where faculty rules are amended and approved by the senate before the next version of the yearbook is published, reasonable steps must be taken to bring the amendments to the attention of students who are affected thereby.

The executive dean may delegate any power or function vested in him/her in terms of these rules to any faculty sub-committee, the deputy dean, an academic director or deputy director. Any person aggrieved by the exercise of such a delegated power or function may, within 10 days of being informed of the decision, request the executive dean to reconsider a decision made in terms of such delegated authority and the executive dean may confirm, replace or amend such a decision, or refer it back to the person or committee to whom decision-making authority was delegated for reconsideration.

The executive dean may, where exceptional circumstances outside of the control of the university or the students exist or existed, cause or will cause that it will be unfair to enforce strict compliance with the rules of the faculty, allow on good cause shown a deviation from the rules. Such deviation must be reasonable under the circumstances and not jeopardise the integrity of the programme. Such deviation must be reported to the Faculty Board at its subsequent meeting and thereafter to senate.

LAW.1.2.1 Modules and credits

The subject matter for every degree is divided into modules and each module has a specific credit value. Every module is examined separately.

LAW.1.2.2 Relationship between credits and notional study hours

The number of credits allocated to each module is calculated according to the provisions as set out in the Higher Education Qualification Framework.

LAW.1.2.3 Recognition of prior learning

- a) The Faculty of Law endorses the view that recognition of prior learning (RPL) constitutes an essential element of the transformation of access and admissions policies at education institutions in South Africa.
- b) In view of the fact that the recognition of prior learning, module recognition, and exemption must be conducted in a valid, reliable, and equitable way, all applications in this regard are dealt with in terms of rules 1.6 and 1.7 of the General Academic Rules as well as the relevant procedures laid down by the faculty. Applications close on the 31st of October for purpose of acceptance to the University in the following year.
- c) For the processing of an application for recognition of prior learning, a non-refundable administrative fee is payable, as determined from time to time by the University.

LAW.1.2.4 Application for admission

- a) All applications for admissions must comply with the prescribed procedure and the required documentation must be attached before the Higher Degrees Committee will consider it. No applicant shall be admitted unless the applicant complies with the general admission requirements and with the faculty-specific requirements, where applicable. The admission requirements for all formal academic qualifications offered by the Faculty of Law are set out in the Admission Policy as approved by the University Senate and Council, which are available at <http://www.nwu.ac.za/nwu-prospective-students>.
- b) Applicants are referred to the General Academic Rule 1.5.1 regarding the procedure for application and admission.
- c) The closing date for applications is 31 October of the previous year. Should there be incomplete applications, practice is that the necessary communication is sent by Higher Degree Administration. Should the applicant not respond to the request within 30 days, the application may be rejected. Late applications will be dealt with on a case-by-case basis, at the discretion of the Director: Postgraduate Programmes, guided by considerations of merit and subject to available capacity.

LAW.1.2.5 Registration

- a) No one is registered as a student before that individual is admitted to a specific qualification programme of the University or admitted for non-degree purposes. Registration entails the prescribed completed process that a student is required to follow to be enrolled as a student of the University as set out in the General Academic Rules 1.10, 4.7 and 5.7.
- b) A student who has been admitted to the University registers for a specific qualification programme per annum for the duration of the study at the time determined in the annual calendar for that purpose by paying the prescribed registration fee and submitting the completed registration form. After approval of the registration by the faculty, an official proof of registration is issued.
- c) It is the personal responsibility of the student to ensure compliance with all the programme and module requirements. Completion and submission of the formal documents required to determine that there are no clashes in contact timetables or scheduled assessment opportunities. The University reserves the right to refuse or cancel a registration where this condition is not met.
- d) Students, who attend lectures/seminars, write tests, submit assignments and who write examinations without officially being registered receive no credits, even if the prescribed fees have been paid.

- e) By signing and/or submitting either on paper or electronically the prescribed application and registration forms, the applicant or registered student agrees to be bound by the applicable rules, policies and resolutions of the University until the registration of the student is terminated or the application refused.
- f) A student who is enrolled for any of the programmes offered by the Faculty of Law may be allowed to register for more than one qualification at the University only with prior written permission from the executive dean. This permission is subject to the limitation on the credit load provided for in the Academic Rule 1.9.
- g) A student who does not register in a particular year, but who wishes to continue the study in the subsequent year, must apply to the Director: Postgraduate Programmes for readmission. Failure to do so renders the student liable for fees for the previous year for which permission was not obtained.
- h) The structured LLM students must be registered by 31 January.

LAW.1.2.6 Professional ethics

Legal education gives access to the legal profession. To be admitted to the legal profession, an applicant must be a fit and proper person to serve in the profession. Due to the high ethical standards required of the legal profession, it is unlikely that a person who has been convicted and sentenced in a court of law or against whom University disciplinary measures have been taken as a result of misconduct constituting/comprising dishonesty will be admitted to the legal profession, notwithstanding good academic results.

LAW.1.2.7 Medium of instruction

English is the medium of instruction in the postgraduate programmes, with Afrikaans students being accommodated (where possible) regarding assignments, mini-dissertations, dissertations, theses and oral and written examinations.

The Director Postgraduate Programmes may make transitional rules when necessary to facilitate the transition from existing programmes to new programmes.

LAW.1.2.9 Termination of studies

 - fails, after having been granted an extension of time as provided for in rule 1.17 to complete the study.
- b) The Director: Postgraduate Programmes determines the procedure to be followed whenever a student's studies are to be terminated.
- c) If possible, notification of termination of study must be sent to students timeously before the next registration period, or, where applicable, before the next semester.
- d) A student whose studies have been terminated may, in accordance with the applicable faculty rules and procedures, apply for admission to another study programme, but must in the course of the application mention the termination.
- e) The executive dean concerned may set reasonable conditions for admission to another study programme and must report such conditions to the registrar.
- f) A postgraduate student whose studies have been terminated may not apply more than three times for admission to the University.
- g) Should a student receive a notification that his/her studies will be terminated, the student may, within ten days of the date of the notification, submit a written motivation, as an appeal to the dean to reconsider the termination.

LAW.1.2.10 Recognition of modules

Modules passed more than **five years** ago will not be recognised for purposes of the postgraduate diploma or the LLM degree.

Phased-out modules will not be recognised since students need to register for the new module in the **current programme**.

LAW.1.2.11 Re-registration for coursework modules

A student may, during the *maximum period* allowed for the study, repeat coursework modules constituting not more than 25% of the total credits of the coursework component of a masters degree/postgraduate diploma programme. No course work module may be repeated more than once. Upon failing the same module twice, the student's studies will be terminated.

In such a case, if a student subsequently passed a module at another institution, the module will not be recognised. If a failed coursework module is substituted with another elective, the student is not allowed to repeat such substituted elective.

See the General Academic Rules 4.14 and 5.13.

All postgraduate research (mini-dissertations; dissertations and theses) and assignments, should strictly follow the official referencing style of the Faculty of Law as prescribed.

LAW.1.2.14 Language editing

The mini-dissertation; research dissertation or thesis must be language edited by a competent editor and a certificate from the editor must be attached to the submitted copy of the mini-dissertation; dissertation or thesis.

LAW.1.2.15 Allocation of supervisors or promoters

Students in the structured LLM programmes are required to identify and consult with possible supervisors by **15 March** of the first year of registration. If a student of a structured LLM programme has not identified and consulted with a supervisor by the above-mentioned date, the student is required to inform the Director: Postgraduate Programmes, where-after a supervisor will be allocated by the relevant programme leader, in consultation with the director.

Students applying for a research LLM, LLD or PhD programme are required to consult with possible supervisors or promoters simultaneously with the application process, prior to registration. The Faculty Board may, in exceptional circumstances, approve the appointment of a co- or assistant supervisor, or co- or assistant promoter on the grounds of relevant technical expertise despite such a person not being in possession of a doctoral degree.

LAW.1.2.16 Notice of submission

A student who is not registered may not give notice to submit. Three months before the date determined, from year to year, for submission, the student must give notice in the prescribed format, of his/her intention to submit the (mini-) dissertation/thesis for examination. No submission will be accepted without the required notice of submission.

LAW.1.2.17 Progress reports

All registered students are required to provide the Director: Postgraduate Programmes with a report on the progress made by the student on the research component of the programme concerned. These reports should be signed by the study leader/promoter and submitted in the prescribed format and manner by 31 July and 30 November, respectively, of each year. If the progress report indicates that the student's progress is unsatisfactory or if the student has failed to submit the report, the student will be given a written warning by the Director: Postgraduate Programmes.

LAW.1.2.18 Access to the internet

All postgraduate programmes of the Faculty of Law make use of the electronic platform Efund and all registered students are required to have off-campus access to the internet and suitable devices.

A student may receive exemption from class attendance for a maximum of one module per semester or one, year module.

If exemption from class attendance is granted in respect of a module, the student must register for the module and must comply with the faculty rules regarding the required formative assessment opportunities to obtain a new participation mark to enable him/her to write the exams in the module concerned.

LAW.1.2.21 Access to and review of marked examination scripts

All students have the right to view their marked examination scripts and the associated memoranda/marking scheme.

To view a marked script, the student must submit a request to the Director: Postgraduate Programmes within seven days from receipt of the results for the module.

LAW.1.2.22 Additional modules

A student who registers for a postgraduate qualification may, upon application, be granted permission by the executive dean to register for additional modules besides those required for the curriculum of the programme concerned, provided that no timetable clashes are brought about thereby, and subject to the limitations as provided for in rule 1.9 of the General Academic Rules.

LAW.1.2.23 Attainment of qualifications

In order to be awarded a Diploma/LLM with distinction, a student must achieve a weighted average of at least 75% for all the core modules identified as such in the faculty rules concerned, not taking additional modules taken by the student into account.

A full-time student enrolled for the postgraduate diploma must complete the programme within the minimum time specified in these faculty rules in order to qualify for the award of the qualification with distinction, except if failure to comply with the minimum time requirements is due to the interruption of the study on medical grounds, in which case the executive dean concerned may approve the award of the degree with distinction.

A part-time student enrolled for the postgraduate diploma must complete the programme within the maximum time specified in the faculty rules in order to qualify for the award of the qualification with distinction.

LAW.1.2.25 Dean's concession examination in coursework modules

A student who, having used the examination opportunity provided for in the rules, has passed all coursework modules **but one** required for the completion of a programme leading to a qualification, may apply to the executive dean concerned to be granted a final assessment opportunity in the outstanding module provided that:

- a) the student has achieved an adequate participation mark in the module for admission to the examination.
- b) the student has previously failed the module in question.
- c) the student completes the final assessment for the applicable module in the following examination period that is scheduled for such assessment opportunities in the annual university calendar.
- d) the maximum mark that can be obtained for a final assessment is 50%.
- e) the final module mark is based solely on the mark achieved in the final assessment, without taking the participation mark into account.

The executive dean may, after consultation with the Director: Postgraduate Programmes concerned, grant a student who failed an examination in a coursework module of a masters degree or postgraduate diploma a second examination or assessment opportunity, after having considered the above requirements.

LAW.1.3 WARNING AGAINST PLAGIARISM

Assignments are individual tasks and not group activities (unless explicitly indicated as group activities). All assignments must be subjected to a university-approved programme (such as Turnitin) to establish possible plagiarism. Plagiarism and every other form of academic dishonesty are strictly and unequivocally condemned, and any evidence of academic dishonesty shall be referred to the appropriate offices in the Institution for further disciplinary measures. For further details, see:
